

# ABBYY

Intelligent Invoice Processing  
That Delivers on Its Promises

**Visibility, compliance, costs, performance.**

# Invoice volume and spend continue to climb

### DID YOU KNOW...

That despite the availability of accounts payable automation,

**51%**

of companies surveyed still struggle with invoice capture. And invoice volume only continues to grow year after year.\*

\*IOFM, 2022 Benchmarking Report: Accounts Payable Performance

By now, most organizations are painfully aware that manual invoice processing is...

- SLOW
- INEFFICIENT
- PRONE TO ERRORS

...and gets in the way of CFO goals to gain more control over cash flow, provide accurate financial forecasting, and strengthen vendor relationships.

**ABBYY**

The need for **visibility into accounts payable operations** (not to mention efficiency and control) **is greater than ever.**

**ABBYY**

Basic AP automation is no longer enough. Today's AP solutions need to be suitably intelligent to handle all types of invoices:

- 100s of pages
- Complex table structures
- Any format
- Any language
- Country-specific tax and compliance rules

# And deliver results like...

**400%**

increase in  
employee productivity

**12%**

fewer late  
payments

**30%**

less time responding  
to inquiries

**81%**

faster invoice  
processing time

**91%**

lower invoice  
processing costs

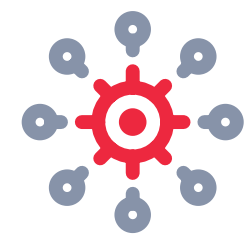

**ABBYY**

# Today's AP operations need intelligent invoice processing automation with **ABBYY Vantage**

The industry's first low-code / no-code intelligent document processing platform. Vantage offers pre-trained invoice processing skills that make **intelligent invoice processing automation** available in minutes.
